## **Scenario Prepares to Open 55,000 sf Orlando Facility / Appoints Kevin Butz FL Regional Manager**

Company President, Malcolm Batten, today announced plans for a new 55,000 sf Design and Production Facility in Orlando to provide comprehensive East Coast Show Contracting services. Batten remarked “Scenario has secured a significant book of business in Orlando on work to commence in January 2017. Building on the successful model we have with our similarly sized facility in Los Angeles, we will fit out the space to flexibly adapt to a variety of turnkey project types including large scale Rockwork, IP Figure Production, SAE and Show Set projects.”

Heading up the Orlando office will be Scenario veteran Project Director Kevin Butz. Batten commented, “Kevin has a proven record of success delivering large scale, complex projects for leading Theme Park owners. He recently oversaw delivery of a Land at prestigious new park in Shanghai.” Kevin will relocate to Orlando in the new year. Ana Battistozzi, already in Orlando, will support Kevin in business development and in establishing the office.

### *Kevin Butz – Florida Regional Manager*

Kevin brings a passion for themed attractions cultivated over ten years working on large scale projects in the US and Asia. His career in construction began with his Bachelor of Science degree in 2002 leading to large scale commercial and residential projects and then to projects for Disney and Universal. He most recently completed work on a prominent Shanghai Theme Park and has just transferred to Los Angeles where he will oversee a diverse range of projects

### **About Scenario**

Scenario operates out of offices in Los Angeles; Orlando; Shanghai; Dubai and Hong Kong. A full profile can be found at [www.cockramscenario.com](http://www.cockramscenario.com).

Scenario is an international Show Contractor providing comprehensive Project Delivery and Construction Management services for Attractions, Themed Lands and Theme Parks. Scenario’s history of successful projects for top tier customers is enhanced by the resources and experience of its parent, Cockram Construction, with a combined management staff of over 500 and current projects value of more than \$1.5B US.
